Growing Green Neighbours

Growing Green Neighbours is a community action group comprised of community members, local agencies, schools, and organizations committed to taking action to ensure the availability of adequate, nutritious, personally-acceptable food to all citizens of Sylvan Lake.

Growing Green Neighbours strives to raise community awareness on issues relating to food and the environment as well as the benefits of supporting local agriculture.

Vision

All citizens of Sylvan Lake will at all times have access to safe, nutritionally adequate, healthy, and personally-acceptable foods produced in ways that are environmentally sound and socially just through a sustainable food system that maintains human dignity, supports local agriculture, and maximizes community self-reliance.

Beliefs & Principles

- access to safe, affordable, nutritious food is a basic human right of individuals and communities
- food connects us to and is a personal reflection of our family, community, culture, and traditions
- having a food secure community (action to ensure food availability, accessibility, acceptability, and adequacy) is an important facet of health, social justice, community-based economic development, and a sustainable environment
- community food security is a comprehensive approach that includes all members of the food system, from producers to consumers, and promotes regional food self-reliance
