

# Alberta Health Services' Community Helpers Program

## Annual Highlights April 1, 2022 – March 31, 2023

**30**

Community Helpers Program (CHP) service providers across Alberta

**535**

New stakeholders serving Indigenous, newcomer, 2SLGBTQ+ populations

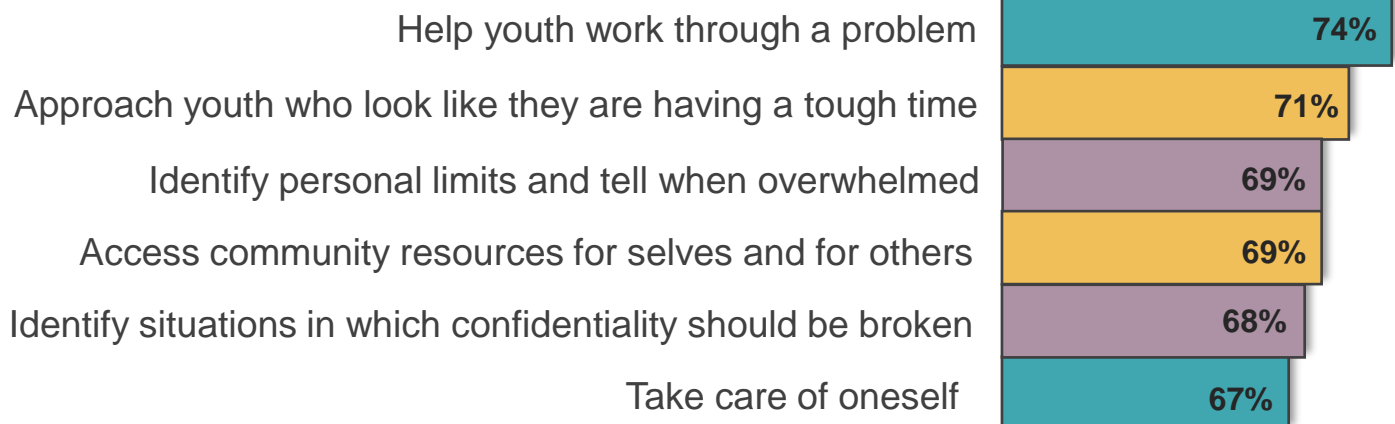

**1,299**

Participants completed the 3-hour condensed training

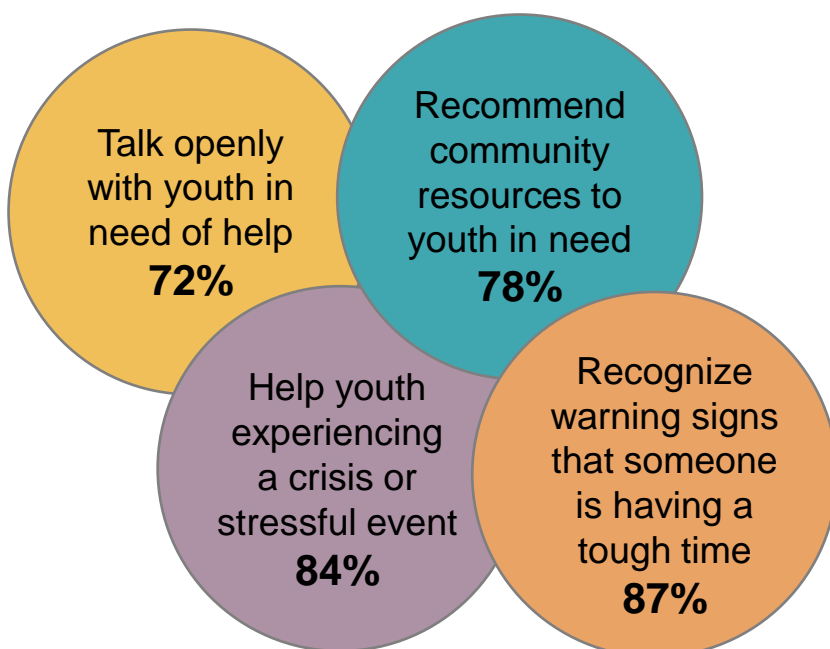

**2,604**

Participants completed the core 9-module training

After taking any CHP training, more than two thirds of survey respondents reported being more likely or much more like to:

After taking any CHP training, more than 70% of survey respondents agreed or strongly agreed that they felt confident to:

*"[CHP] was very informative and help[ed] reassure things I have been doing when helping different individuals. I learned a lot about how to identify when someone might be in a stressful situation and how to be a helping hand."*
