

ABANDONED WELLS DECLARATION

The Municipal Government Act's Subdivision and Development Regulations requires developers and property owners applying for a subdivision or development permit to identify the location of abandoned oil and gas wells within the proposed development and to appropriately address them in accordance with the Energy Resources Conservation Board (ERCB) [Directive 079: Surface Development in Proximity to Abandoned Wells](#).

Please visit [Geodiscover Alberta](#) to locate an abandoned well(s) and use the Interactive Map Viewer to create a printed map.

SECTION 1: ABSENT WITHIN A SUBDIVISION OR DEVELOPMENT

I, _____, have reviewed information provided by the Alberta Energy Regulator (AER) as set out in the AER Directive 079, Surface Development in Proximity to Abandoned Wells, and can advise that the information shows the absence of any abandoned wells within the site of proposed subdivision or development.

SECTION 2: PRESENT WITHIN A SUBDIVISION OR DEVELOPMENT

I, _____, have reviewed information provided by the Alberta Energy Regulator (AER) as set out in the AER Directive 079, Surface Development in Proximity to Abandoned Wells, and can advise that the licensee(s) responsible for all abandoned wells within the site of proposed development has been contacted in order to have the Abandoned Well Locating and Testing Protocol completed in accordance with AER Directive 079 or, if the licensee is struck or defunct I have contacted the AER to determine how to fulfill the requirements of AER Directive 079. To prevent damage to the well, a temporary identification marker will be placed on abandoned wells prior to construction, according to the confirmed well location(s) on site.

By entering your name in the Applicant's Signature box you are declaring that you have reviewed the abandoned well map for the Site of the proposed subdivision or development, attached a print out of the abandoned wells map with your application and completed Section 1 or 2 (as applicable) of the Abandoned Wells Declaration form.
